Your personalised ArchivistaBox

Would you like to find out more or simply get going with the ArchivistaBox? An overview of our complete range is listed here.

Your personal Archivista point of contact

With the ArchivistaBox you receive a standard product with fixed conditions. The ArchivistaBox concept includes much more than this though. For every ArchivistaBox you will receive a personal point of contact – even before you have actually acquired an ArchivistaBox! All the contact details can be found here.

Test the ArchivistaBox now

Would you like to test the ArchivistaBox WebClient? A demo archive can be found at **www.freearchives.ch (no password required!)** so that you can get going immediately. If you wish to test your own database then simply send us an e-mail and you will immediately receive access to a personal database.

ArchivistaCloud

It only takes about 1 to 2 minutes to **construct your own ArchivistaCloud.**
