

Annual review and company holidays 24.12.13 - 5.1.14

Pfaffhausen, 23rd December 2013: *The first phase of the relocation to Egg took place on 20 December 2013. The second phase is due to take place at the beginning of January 2014. This year, due to the relocation, the annual review will be published in an abbreviated form. Our offices will be closed from 24 December 2013 to 5 January 2014 inclusive (as every year, for the Christmas and New Year break).*

The holiday period will give everyone the chance to take a short breather away from the often hectic everyday life of the computer world. So, make the most of your rest, recovery and relaxation and come back in 2014 with renewed vigour. I would just like to remind everyone that this doesn't mean maintenance contract customers will be left without support. Just the opposite is the case. At the same time, it should be pointed out that the support provided will not extend to all services, but will primarily be focused on technical backup for defective or non-executable systems. Basic training and/or updates will not be carried out during this period - these will be processed following receipt of order in 2014. We will also not be sending out any new ArchivistaBox systems during this period (unless delivery has already been guaranteed before 20 December).

Abbreviated version of the annual review

As previously mentioned, a comprehensive annual review is normally provided at this point. The review this year will be in a much abbreviated form (due to the firm's relocation to Egg). In 2013, the following milestones were attained:

New ArchivistaBox systems for Rigi, Saentis, Pilatus and Titlis

Integration of faster scanners (up to 200 pages / minute)

Free hampers to celebrate the **firm's 15th anniversary**

Change to **ArchivistaCloud (DMS)**

ScanBox Albis III (Raspberry PI)

Column creation and more in the WebClient (discontinuation of the RichClient)

Relocation to Egg in December 2013

We will be happy to welcome you at our new offices in Egg during 2014.

Archivista GmbH
